ALMERIMAR

206619A 71" Floor Lamp

The Almerimar floor lamp has a bold, oversized appearance that brings modern elegance to any space. Its tall, off-center brushed gold frame creates a striking silhouette, perfect for tucking into corners or framing furniture. The black fabric shade is lined in a warm brass finish that softens the light and enhances the contrast between matte and metallic. A foot pedal switch on the cable makes it easy to turn on and off, combining practical function with eye-catching design.
