

OVERTURE

207292A 32" 5CCT LED Vanity Light

The Overture vanity light in champagne gold is inspired by the graceful batons of orchestral conductors, striking a refined balance between luxe minimalism and expressive form. Its elongated arm features rotatable integrated 5CCT LED elements at each end, allowing the light to be directed with precision and intention. Versatile enough to also function beautifully as a wall sconce, Overture is enhanced by a hammered metal detail at the center that adds a jewelry-like glimmer to the design.

PRODUCT ATTRIBUTES
