

MANHATTAN

207299A 48" LED Linear Chandelier

The Manhattan linear chandelier captures the essence of city lights after dark. Geometric intersecting tubes finished in matte black are capped with etched acrylic diffusers, each illuminated by integrated LED light for a soft, radiant glow. The result is a strikingly architectural form that balances structure and luminosity. Sophisticated and modern, Manhattan transforms any space with its sculptural elegance and urban-inspired character.
