SOLSTICE

207408A 16" 5CCT LED Convertible Pendant

The celestial-inspired Solstice convertible pendant in polished brass features an etched opal glass diffuser with subtle ribbed detailing below a flat, mirror-polished shade. The effect of this modern, minimalist silhouette creates the illusion of a floating sphere, reminiscent of a distant planet. Designed to shape the mood of any space, Solstice can be installed as a pendant, flush mount, or wall sconce, and its integrated 5CCT LED technology offers five selectable color temperatures for effortless control of the ambiance.
