

KESTREL

207725A 22" 5CCT LED Exterior Wall Sconce

The Kestrel exterior wall sconce showcases modern sculptural form with layered cylindrical sections that create dimension and intrigue. Finished in textured black, its design reveals a warm glow that filters between the layers, complemented by a refined up-and-down wash of 5CCT LED light. ADA compliant and suitable for both indoor and outdoor use, Kestrel brings depth, drama, and architectural elegance to any space.
