

LAURIGNANO

390188A 20" Table Lamp

The Laurignano table lamp brings a confident mix of form and finish to modern interiors. Its stacked geometric base combines black and gold, creating a striking contrast with a refined edge. A black fabric shade with a gold foil interior casts a warm, ambient glow when illuminated, adding richness and depth to the design. Laurignano is a sophisticated accent for side tables, bedroom dressers, or contemporary entryways.
