

DRACERA

390343A 61" LED Pendant Light

The Dracera linear chandelier is a breathtaking composition of cascading light and graceful form. Suspended from an elongated black canopy, demilune orbs with up-facing integrated LED lights descend in staggered lengths, each crowned with a hand-applied gold leaf shade that evokes the motion of falling leaves. The lights shine softly upward, illuminating the gold tones and casting a warm, atmospheric glow. With its graceful repetition and organic rhythm, this piece brings a sense of motion and elegance to dining tables, kitchen islands, or long hallways, turning light into art.
