LARVA

390415A 46" 3CCT LED Pendant Light

The Larva linear pendant features a row of six chrome smoked glass shades in various rounded shapes, which offer optimal light output and create a mirrored effect that conjures up beautiful reflections. The design is inspired by Chilean wine culture, and the shades are reminiscent of elegant wine glasses. Equipped with a modern integrated LED light source, Larva allows flexible adjustment of the light color temperature ranging from warm white to daylight to create the perfect ambience.
